RE: Notice of Violation
Open Dumping
Fulton County

To Whom It May Concern:

The Environmental Protection Division (EPD) has discovered dumping of solid waste on your property located at 1350 Sizemore Ave NW Atlanta, Georgia (Parcel No. 17 024700031036) in Fulton County. On August 17, 2015, representatives of the EPD conducted a site visit in response to a complaint call and discovered dumping of solid waste at the referenced location. This is a violation of the Georgia Comprehensive Solid Waste Management Act and the Rules promulgated thereunder.

Section 391-3-4-.04(4-c) of the Georgia Rules for Solid Waste Management Act states: "No solid waste may be disposed of by any person in an open dump, nor may the person cause, suffer, allow, or permit open dumping on his property."

You are hereby requested to remove all of the accumulated solid waste from the subject property. Written notification upon completion of the corrective actions is to include a copy of the receipt(s) from a state approved solid waste landfill and/or disposal facility or recycling center. Such notification and receipts are to be submitted to the EPD Atlanta office at the above address within thirty (30) days of receipt of this letter. Also, if there is evidence of more solid waste that has been buried on site, the property deed should be updated to indicate that it is present.

The Environmental Protection Division will appreciate your cooperation in promptly addressing this matter. If you have any questions regarding this letter, please contact Larry Castleberry at (404) 362-2671.

Sincerely,

Brian Boutelle, Program Manager
Mountain District – Atlanta Office
